Office Live suite Category:Microsoft OfficeQ: How can i get an array with the largest file in a directory? I need to save the file  
name in an array. var f; var dirs = [ '/home/ar/so2', '/home/ar/so1', '/home/ar/s1', '/home/ar/s0', '/home/ar/s3' ]; for (var i = 0; i  
fs.lstatSync(dirs[i] + '/' + f[0])) { array[i] = dirs[i] + '/' + f[0] } } A: The problem is, the order you check in the loop doesn't  
matter, and all files are checked, so you get an array of size 1 (first) file, instead of size 7. You can change the order of the  
checks to get the array: for (var i = 0; i
